

Making a Difference:

Improving quality of life through excellence in service.

Adolescent Addiction Program Openings

[Chestnut Health Systems](#) is pleased that many adolescents will be completing inpatient treatment successfully in the next few weeks. These successful completions mean that we will have openings for the adolescent male and female inpatient programs.

We are offering you the opportunity to refer your adolescent so they, too, can experience this same successful treatment and recovery experience. [Contact us](#) today to start the admission process.

Adolescent case managers are available to conduct free phone screenings anywhere in the state. In addition, [Chestnut](#) can help with transportation to Bloomington and Maryville if needed.

How to Be Assessed for Inpatient Services

A Case Manager can conduct a free phone screening and then schedule a day for the full assessment and admission if appropriate. To contact a Case Manager:

- Call the Bloomington office at 309.827.6026 and ask for a member of the Adolescent Case Management Staff or the Maryville office at 618.288.3100 and ask for Jamie Garman or other available intake staff

OR

- Send an email message to a member of the Adolescent Case Management Staff at teenhelp@chestnut.org with the client's name, birthday, and contact information

[Chestnut](#) accepts most major insurance plans, self-pay, and Medicaid and has a sliding fee scale for those who qualify.

Chestnut Health Systems has been continuously accredited by [The Joint Commission](#) since 1975.
